Good morning,

The OIG has delivered an interim working draft report for their audit of the "Department of Justice's Use and Support of Unmanned Aircraft Systems." A copy is attached below. The FBI must now review the draft for factual and technical accuracy. Please also review the content for overall tone, wherein a section/portion of the draft is inaccurately reflected in your opinion, and provide any suggested changes to the language. A "Factual Accuracy Review Form" is attached for your corrections regarding information, data, or statement inaccuracies. If you feel that any portion of the report is factually or technically inaccurate please indicate this on the form and provide suggested changes.

<< File: OIG_Working_Draft_Interim_Report_-_Unmanned_Aircraft_Systems.pdf >> << File: Factual Accuracy Template.docx >>

The OIG is planning to hold an "Exit Conference" next week, so the results of your review should be sent to the Inspection Division as soon as possible. Please submit all completed factual accuracy forms to Section Chief Laura Ingber and include Unit Chief [redacted] in the copy count. If you have any questions or concerns regarding this matter, please contact me or [redacted] Thank you in advance for your assistance.

Hi Mr. Bean,

Just a reminder we will need OTD's signed LES form today. You can just fax it to me, and follow up with the hardcopy in Bumail like before. (RMD has determined the contents are "unclassified" from a national security perspective, so we will just need to know if there are any law enforcement sensitivity concerns). Everything is due to the OIG by Monday (9/16/13).

Thanks

Good afternoon,

The FBI has received the revised working draft audit report from the OIG relating to the "Department of Justice's Use and Support of Unmanned Aircraft Systems." Attached below are the subsequent red-line changes. ODAG has been asked to submit a written response to the report and the embedded recommendations for the Department. This official response will be appended to the finalized report prior to public release. Please note, the OIG report contains no specific FBI recommendations; however, recipient divisions are requested to review the redline draft and ensure concurrence with the overall content as stated. Comments, if any, are requested no later than 9/13/13 and should be submitted to SC Laura Ingber, UC [redacted]

Here is the response VSU provided to OIG on Friday:

Prior to the Grant Award (i.e. during the award selection process)

Did the FBI know about these awards? NO

Did OJP or COPS try to coordinate with the FBI on making these awards? NO

After the grant was awarded

Was the FBI aware that these jurisdictions had purchased UAS? (please note, that [REDACTED] ultimately chose not to purchase a UAS) NO

b7E

If so, was the FBI aware that DOJ funding was used to purchase the UAS? NO

Would knowledge of these awards have been valuable to FBI field offices or the FBI mission? YES. If the FBI needed UAS assistance for a mission in one of the Field Office AORs, it would be nice to know if locals have the capability.

Has the FBI had any contact with these grantees regarding UAS use? NO

Scott,

Sorry about that.

The 4.4 pounds came directly from the act, page 68

First thing - Nothing should go to INSD without my review and approval. Stop communicating direct with INSD.

Second thing - Where did the 4.4 pound language come from? Did the language come straight from the Act?

Good morning,

The OIG has delivered an interim working draft report for their audit of the "Department of Justice's Use and Support of Unmanned Aircraft Systems." A copy is attached below. The FBI must now review the draft for factual and technical accuracy. Please also review the content for overall tone, wherein a section/portion of the draft is inaccurately reflected in your opinion, and provide any suggested changes to the language. A "Factual Accuracy Review Form" is attached for your corrections regarding information, data, or statement inaccuracies. If you feel that any portion of the report is factually or technically inaccurate please indicate this on the form and provide suggested changes.

<< File: OIG_Working_Draft_Interim_Report_-_Unmanned_Aircraft_Systems.pdf >> << File: Factual Accuracy Template.docx >>

The OIG is planning to hold an "Exit Conference" next week, so the results of your review should be sent to the Inspection Division as soon as possible. Please submit all completed factual accuracy forms to Section Chief Laura Ingber and include Unit Chief [redacted] in the copy count. If you have any questions or concerns regarding this matter, please contact me o [redacted] Thank you in advance for your assistance.

Hi Steve, Armando, [redacted] and Steve:

For way of background information, last fall the Department of Justice (DOJ), Office of the Inspector General (OIG) initiated a review of DOJ's Use of and Support for Unmanned Aerial Vehicles (UAV). Their stated objective is to evaluate the current and planned policies for use of UAVs by Department components, or by grant recipients who purchased UAVs with Department grant funds, including any guidelines and controls. As part of their audit fieldwork to date, the OIG has been working heavily with the FBI's Operational Technology Division (OTD) and Critical Incident Response Group (CIRG) [redacted]

b1
b3
b6
b7C
b7E

Specifically, the FBI was asked to provide information regarding criminal cases supported and/or prosecuted using data collected by UAVs. Additionally, information was sought regarding third party UAV assistance in law enforcement operations. As such, the Inspection Division (INSD) is sending this information ahead in the event the auditors reach out directly to personnel in your office to further discuss the UAV contribution with your staff. Although INSD serves as the liaison/facilitator to OIG audits, the OIG can also go direct without notifying us of their plans. It is very important, however, that INSD receive a copy of ALL documents that may be released to the OIG during any interview or site visit. Personnel can feel free to release a 1-2 page document to the OIG directly if they elect to do so OR request it be sent through INSD. In either event, copies should be forwarded to INSD's Management and Program Analyst [redacted] in Room [redacted]/FBIHQ. In addition, INSD is available to pre-brief all personnel prior to their interview if they desire. Please feel free to contact me or SC Laura Ingber if you have any questions or concerns moving forward.

Good morning everyone,

INSD has just received the following inquiry from the OIG. Your immediate response is required. The OIG needs this information by Monday, June 24th. Thank you in advance! - [REDACTED]

.....
During the current review, the OIG has found that DOJ funded unmanned aerial systems (UAS) at the following [REDACTED]

b7E

[REDACTED]
The OIG is trying to find out if the granting agencies coordinated with DOJ law enforcement in making these awards.

Prior to the Grant Award (i.e. during the award selection process)

Did the FBI know about these awards?

Did OJP or COPS try to coordinate with the FBI on making these awards?

After the grant was awarded

Was the FBI aware that these jurisdictions had purchased UAS? (please note, that [REDACTED] ultimately chose not to purchase a UAS)

b7E

If so, was the FBI aware that DOJ funding was used to purchase the UAS?

Other

Would knowledge of these awards have been valuable to FBI field offices or the FBI mission?

Has the FBI had any contact with these grantees regarding UAS use?

Gentlemen,

The OIG has requested a COA and after-action-report for each deployment below. If no COA was issued by FAA, a written explanation is needed as to why. Please note, INSD has received several emails from OTD with much of this documentation; however, they were removed from the field office folders before they were sent to us, so we tried to manually match them up according to the chart. Perhaps you can give me a call and let me know the COA/AAR date that should correspond with the remainder. There is also documentation for deployments not originally reported [redacted]

[redacted] In speaking with OTD, the [redacted] COAs were for the training deployments but according to the chart there was no FAA COA [redacted] deployments?? Please advise. Thanks! [redacted]

9) UAV deployments on FBI law enforcement missions: A) By UAV type; B) Field locations to which UAVs were deployed; C) Operational hours of deployment broken down into training, transportation from/to deployment site to target site, operation time on target; D) FAA issued Certificates of Authorization (COA) (regular and/or emergency).

[redacted] thanks again for facilitating this through your chain of command. With respect to Req # 26, I was looking at our response from the December preliminary data call. OGC provided the following statement to the OIG: "*The FBI has adopted its own internal rules, regulations and guidelines governing the operation of FBI aircraft in the Bureau Aviation Regulation (BAR), and for UAVs, supplemental instructions have been published in FBI EC 319T-2-HQ-A1487668-OTD, subject: STANDARD OPERATING PROCEDURES (SOP); Unmanned Aerial Vehicle (UAV), Unmanned Ground Vehicle (Robotics), dated 28 Oct 2010.*" With that being said, it appears the FBI EC the OIG wants a copy of would actually be the SOP dated 11/10/11. Would you agree? If so, we probably just need to provide a written explanation to that affect since the SOP EC was already provided in response to Req # 11.

With respect to #11, I think they're looking for documents that don't exist yet. This is a new program, in R&D, not yet ramped up for full operational fielding to all 54 field offices. I'll defer to [REDACTED] on whether all the docs they requested in #11 exist.

Since Tony wants this by 05/01, I will need it no later than close of business on 04/29 so I can make my edits on 04/30. I think most of this has already been asked and answered, but I need something to send on to the DAD.

With respect to #11, I think they're looking for documents that don't exist yet. This is a new program, in R&D, not yet ramped up for full operational fielding to all 54 field offices. I'll defer to [REDACTED] on whether all the docs they requested in #11 exist.

For item 11, I thought we already gave the relevant policies and procedures. Maybe there is something new they want? I'm hoping [redacted] can help with that.

With respect to item 32, what additional calculations did they request?

For item 37, what is the OIG asking for?

Please let me know what I can do to assist.

Also forgot to include the below write-up [redacted] Please let me know if you concur with this as well. I also checked on how we want to mention the missing AARs. My management thinks we may have to supply a similar-type written justification since they are a requirement stated in our SOPs. Any suggested language? Thanks! - [redacted]

Here is the information regarding the use of third-party UAS's by the FBI:

Event 1: [redacted]

This information was provided to INSD in an email from [redacted] on 1/15/13 for the original response. The text was provided by SSA [redacted] and is as follows:

b3
b6
b7C
b7E

SSA [redacted]

b6
b7C
b7E

[redacted]
FBI-Houston

[redacted]

We don't have any additional information regarding this event.

Event 2: [redacted]

I have researched this with SSA [redacted] and [redacted] and to my knowledge, there was no utilization of any third-party UAS. SSA [redacted] stated in the same email as referenced above that he only heard about the request from a colleague at CBP. At the time, there was a fugitive investigation in the [redacted] AOR and there was talk about using a UAS. However, CIRG decided to send a manned aircraft instead and no UAS was utilized. This event should be retracted from the OIG response.

Good morning everyone.

Here is the OIG's written request for the follow-up documents based on our last meeting. The items are requested by 3/13/13. All deliverables may be forwarded to me electronically as they become available, or hard copies can be sent to my attention at FBIHQ/Room 1B224. Upon receipt, INSD will facilitate review and concurrence through the appropriate channels prior to transmittal to the auditors. Please ensure the appropriate classification levels are displayed on all documents being presented. Thank you for your assistance. -- ☐

Scott,
(U) ~~(S)~~ Per our SVTC w/INSD this morning, please draft an email to all ADICs/SACs relative to the FBI's SUAV Program describing the classification of the FBI's utilization of SUAVs in [REDACTED] law enforcement investigations. We also need to address the use of SUAVs in investigative matters (i.e., FAA and COAs) and explain OTDs and CIRGs respective responsibilities.

b7E

Once a draft is completed we will discuss the level the email should be forwarded.

☐ - Please set T for 3/18.

Classification: UNCLASSIFIED

See below.

1. **DOJ's Use of and Support for Unmanned Aerial Vehicles (UAVs)** – The OIG's stated objectives for this audit are to evaluate current and planned policies for the use of the unmanned aerial vehicles by Department components or by grant recipients who purchased UAVs with Department grant funds, including any guidelines and controls. The OIG

plans to meet with relevant law enforcement and grant-awarding agencies. An initial, lengthy document request was received and responded to with significant input from the Critical Incident Response Group (CIRG), Operational Technology Division (OTD), and Finance Division (FD). The OIG has conducted interviews at OTD and CIRG and recently requested clarification regarding classification of the FBI's utilization of UAVs. The OIG seeks to interview field office case agents involved in recent criminal investigations wherein UAVs were deployed.

You are correct, we are not planning to pull the trigger on transition until after the OIG report is concluded. With that said, we ought to be putting the framework in place on how we would accomplish the transfer once we are ready.

It may be that OIG will focus exclusively on DOJ/Office of Justice Programs and grants they make to state and locals to purchase unmanned aircraft. We will not insert ourselves in this audit if not invited. However, I think it is likely the OIG will want to include us, if we have any unmanned aircraft. Can someone please let me know what FBI entity, if any, has unmanned aircraft in use? Any other details such as: how many, what uses, etc. would be great. Thanks,

=====

Good morning,

My name is [redacted] and I work in the Special Request Response Unit of the Inspection Division (INSD). We have learned DOJ's Office of the Inspector General (OIG) is initiating an audit of the **Department's Use of Unmanned Aerial Vehicles** (see attached). INSD will be facilitating this audit for the OIG and, based on the preliminary objectives identified, believe it will involve several FBI components, namely NSB, CD, OGC (Procurement Law), FD, CIRG (Aviation Surveillance), OTD (Video Surveillance) and/or others deemed appropriate.

Presently, we are in the process of working with the OIG to arrange for an audit entrance conference which has been proposed for December 10th, 11th, or 12th. Additional details will be provided as they become available. In the interim, could you please let me know as soon as possible who the subject matter experts will be from your respective offices and INSD will coordinate scheduling and logistics. Thank you in advance for your assistance. If you have questions or need additional information, please feel free to contact me at [redacted] or Unit Chief [redacted] telephone number [redacted].

Have the questions outlined in the e-mail below been addressed? DAD Lambert and SC Courtney have forwarded questions through the FD Audit Unit, and they passed along to me. In the past, OTD and/or CIRG have responded to these requests. I have been on AL and just wanted to follow-up to see if any further action is required by my Unit.

Good morning everyone,

INSD has just received the following inquiry from the OIG. Your immediate response is required. The OIG needs this information by Monday, June 24th. Thank you in advance! --[REDACTED]

During the current review, the OIG has found that DOJ funded unmanned aerial systems (UAS) at the following

b7E

[redacted] The OIG is trying to find out if the granting agencies coordinated with DOJ law enforcement in making these awards.

b7E

Prior to the Grant Award (i.e. during the award selection process)

Did the FBI know about these awards?

Did OJP or COPS try to coordinate with the FBI on making these awards?

After the grant was awarded

Was the FBI aware that these jurisdictions had purchased UAS? (please note, that [redacted] ultimately chose not to purchase a UAS)

b7E

If so, was the FBI aware that DOJ funding was used to purchase the UAS?

Other

Would knowledge of these awards have been valuable to FBI field offices or the FBI mission?

Has the FBI had any contact with these grantees regarding UAS use?
